

## **Deliver FICO® Scores to Your Clients**

Would your clients like to receive their FICO® score from you? American Reporting Company in partnership with the credit bureaus (Experian, Trans Union, and Equifax) and FICO® can help you deliver FICO® scores to your clients on their monthly statement from you.

### ***Develop Stronger Relationships***

**FICO® Score Open Access** enables financial institutions to share previously purchased FICO® scores - for example, for account origination or review – at no additional cost from FICO®. This program allows lenders to build loyalty and trust; increase business; and lower delinquency rates.

### ***What's Included for Your Client?***

FICO® Score Open Access can be delivered each month on your client's account statement and includes the following key items –

- Their current FICO® score.
- Two key factors affecting their FICO® score.
- 12 month FICO® score history graph.
- The ability to stay informed by you each month about their FICO® score at no additional cost to them.

### ***What's Included For Your Staff?***

Becoming a FICO® Score Open Access provider enables your staff to receive comprehensive education on the FICO® Score and financial health management. This helps them when engaging your clients. Your institution will also receive best practices for successful implementation of the FICO® Score Open Access program.

### ***How Can ARC Help You Implement FICO® Score Open Access?***

ARC clients who purchase FICO® scores for account review (always a soft hit) qualify to provide FICO® Score Open Access. Please contact your Account Manager directly or call ARC at 1-800-992-1058 to get started today.
